Sheriff Has Received No Word Yet as to Noffs—List of Cases Held for Action Before the Grand Jury—General Notes from the Old City.

(Special to Review.)

Tombstone, Oct. 26.—Sheriff Lewis returned this morning from Phoenix, where he went to deliver the insane man Jones. He had no trouble with his patient.

He has received no word yet from the Mexican officials in regard to the Noffs papers, but expects to hear any day now.

Sheriff Lewis left this afternoon for Bisbee, where he will try to fix up the jail dispute, and arrange for some understanding between the city authorities and the constables. He will also visit Douglas and Naco before returning to this city.

The following is a list of the prisoners held to await the action of the grand jury on felony charges, some of whom are in jail and the rest are out on bond:

Mabel Carlisle, murder.

Chief of the court today returned from a ride to Phoenix Saturday afternoon, where he spent several days on private business. He states that the general impression in Phoenix is that Stoddard will be removed, and that a new secretary will be appointed during the early part of next month. It has been reported that Mr. Wilcox would be a candidate for the position, but such is not the case. Before he was appointed to the position of clerk of the United States Court in connection with that of clerk of the District Court Mr. Wilcox had the matter under advisement but under the present condition of things has decided that he is satisfied with his position and will remain in the county seat.

Mrs. Julia Kelly has applied for letters of administration on the estate of her husband, Michael Kelly, who was accidentally run over and killed by the switch engine back of the smelter in Bisbee, in November last.

Ben Frank has brought suit in the District Court against J. Lindsay to quiet title to the Newmont mining claim in the Warren district. J. M. O'Connell is entered as attorney for the plaintiff.

Arabella Lewis has brought suit in the District Court against her husband, J. C. Lewis, for divorce. In the complaint she alleges that they were married in the city of Tombstone in November, 1901, that they are at the present time both residents of Douglas, and are the owners of the Linwood hotel. That the defendant has been guilty of ill treatment to her, and during the month of October struck her and threw her out of the hotel, and has refused to allow her to re-enter the same upon threats to do her violent harm in case that she should attempt to enter same, and that she has been unable to get her clothes. She asks the court to give her custody of her children, and to allow her to have custody of her property as well as her community property as well as of suit.

I. McCamy, who came here from El Paso to assume the duties of city ticket agent and treasurer for the El P. & S. W. railroad company, has been taken down with an attack of fever, and has been unable to attend to the duties since coming here. His wife is with him.

Lieutenant Morse and a detachment of twenty-eight men passed through this city yesterday on their way from Ft. Grant to Ft. Huachuca, having in charge 151 head of horses that are being taken to that place for the use of Troops A, B, and C, of the Fifth Cavalry, which have arrived at that place during the past week from the Philippines. The horses were left behind when the troops were ordered

to the Philippines, and have been held at Grant since that time. The trip from Grant to Huachuca occupied four days. The detachment will pass through here on their return trip on Wednesday. K. Troop, which has been stationed at Huachuca, and was recently ordered to Whipple barracks, passed through Fairbanks on Saturday night, having begun their overland march to that post.

Jas. Willard, a cousin of F. C. Willard, of Wolcott's Mercantile establishment, arrived in this city Saturday, and has accepted a position in the office of the railroad company.

Col. W. L. Johnson, of the Nessle-rod company, returned Saturday evening from the East, where he has been on business for the company. He was accompanied by Mr. Ross, one of the prominent stockholders of the company.

The bond on the Benton-Wilson property, which the company are at present working, expires on Sunday next. All parties concerned refuse to state at this time whether the bond of \$50,000 will be taken up or not, but the general impression is that Messrs. Benton and Wilson will receive during the next few days a check for that amount.

DOUGLAS DOINGS.

Items of General Interest from the Smelter City.
(Special to Review.)

Douglas, Oct. 26.—J. C. Callaghan, under sheriff left for home this morning after spending a few days in Douglas on business.

A. J. Richardson, a prominent attorney of Nogales has located in Douglas.

A number of prospecting parties left Douglas Saturday for Sonora heading for the Bacorahi gold country where some new finds have recently reported. The new land allowing Americans 90 days without duties being charged has induced a number to go into the new country.

James Wood, superintendent of the Calumet & Arizona smelters spent Friday in Bisbee on business connected with the company.

The Douglas football team has again reorganized and a number of new and old time players have been added to the eleven. The Douglas boys will shortly start hard practice and will be able to give Bisbee and other towns a good time this season.

The police are having a hard time trying to catch a gang of petty thieves who are doing a land office in Douglas these days. Hardly a night passed but that a number of burglaries are committed.

The people of Douglas are alarmed over the taking off of two officers by Sheriff Lewis this week.

A communication has been sent to Governor Brodie by a number of Douglas people to increase the ranger force in Douglas or the town would be entirely in the hands of outlaws. The present night watchmen are not capable of handling the disorderly gangs which infest some of the saloons in the town after dark. A few nights ago several cowboys came in town and proceeded to shoot up the town and ran the two night watchmen. Hart and Hinton indoors and kept them there. These outbreaks only occur when the rangers get away from Douglas, as the cowboys have no fear of the sheriff department. Something should be done to give the people of Douglas protection and run out these unruly characters and keep them away from the town.
